An Ohio Winery Tour & Tasting

Interested in a mid-summer adventure? Well, here it is... a one-day wine trip to three Ohio wineries! Hi Rise and the Americans of Italian Heritage Club are cosponsoring this trip to eastern Ohio wineries on Thursday, August 7th organized by Dennis Rosa. We'll travel by coach with a continental breakfast and a raffle. Participants are asked to bring a wine related items for the raffle.

Our first stop is Stonegate in Madison. This winery was built on a dream on an abandoned horse farm. Thus, the horse in the Stonegate logo. The tasting room and winery were bult from the barn after the horse stalls and manure were removed, of course. The barn was transformed into what we see today. Additionally, the vineyard was planted and cultivated to make their estate wine. To learn more about Stonegate click [here](#).

Next, we'll travel to Buccia Winery just south of Lake Erie in Conneaut. Upon entering the welcoming new tasting room and we're served their award-winning estate wine. What makes this winery unique is that they only serve estate wine. Remember estate wines are those made from grapes grown on the winery's own vineyard. They proudly serve wine from the Rogers 15 variety "Agawam", bred in Massachusetts in 1856 and is available only at Buccia. At this winery you can also check out the Buccia Bed and Breakfast. And, maybe plan a secret get away for you and your sweetey! Click [here](#) to learn more about Buccia Winery.

For lunch at Buccia, we'll enjoy sandwiches, included in your trip price. Please bring snacks and appetizers to share for lunch.

After lunch it's off to Tarsitno Winery & Vineyard in southwest Conneaut. Tarsitno, too, was built on abandoned farm - a dairy farm. What makes this winery and vineyard special is that it stands on the owner's great grandfather's property! Like Buccia Winery the Tarsitno Winery & Vineyard exclusively serve their estate wine from grapes originating in Italy. The climate and soil in Lake and Ashtabula counties are perfect for growing grapes, not unlike other famous wine regions around the world.

Finally, it's dinner time and back to Wickliffe's Vittorio Appetito Restaurant for a buffet style Italian dinner.

Interested in a great day with good friends and wine? See page 13,14 and 15 for more details and registration form. Thank you, Dennis Rosa, for organizing the mid-summer extravaganza.

This trip leaves at 11:20 a.m. and returns at 8:45 p.m. Meet at the Pine Ridge Plaza (Rtes. 84 & 91) Willoughby Hills. Please park facing Rte. 84 on the south side of Pine Ridge Plaza at 10:45am.

Aspen Snowmass

The Aspen ski trip for 2026 is set for Saturday, January 24 to Saturday, January 31, 2026. We will stay at Villas at Snowmass Club condos, a short distance from the Aspen Mountain,

Snowmass, and Buttermilk. There are free shuttles to all three ski mountains and to the town of Aspen. The price is \$2045 for members and \$2076 for non-members. This price includes air, lodging, ground transportation, and a midweek dinner party. Check out your Aspen Snowmass skiing experience [here](#).

Our tour planning company is offering special pricing for lift tickets, or you can purchase the Ikon pass. More details about the trip and lift tickets are on page 20.

Ski the East – Killington and Pico

Ski the east with Hi Rise this year. We are planning an unforgettable eastern adventure beginning with a train ride to Albany then a bus ride to Killington, Vermont. At Killington we'll check into our condos and prepare for the first of our four and a half days of skiing at the iconic Killington resort and its sister resort Pico Mountain. Your Killington ticket is good at both resorts. We will have very good pricing for lift tickets at the resort. You may purchase an Ikon pass instead for both areas. Over the past few years many improvements were added to both areas.

Including new lodges, lifts, and trail improvements. Be sure to check their web sites to learn more about them. Oh, and by the way, Killington had great snow this year and skied into the first week of May, just in case you were worried about eastern snow.

Check Killington [here](#) and Pico Mountain [here](#). See page 21 for details. Save the date Sun., February. 22 to Sat., Feb. 28, 2026

It's Time to Renew!

You may recall that recently the club constitution was changed to coordinate the membership year to the fiscal year which begins

May 1. So, as of May 1, 2025, the club is officially operating in the year 2026...Happy New Year, Hi Rise Ski Club! Moving the fiscal year to a mid-year date allow us to keep better track of the trip fees collected earlier in the year.

Your annual membership dues are due now. We are asking you to renew now. Please bring your renewal to a summer meeting or mail it to Nate. See the membership renewal form on page 19.

Then and Now Ski Outings!

Last month I introduced you the Facebook page Skiers over 60 (click [here](#) to see the page). This Facebook page encouraged people to submit ski pictures from the past along with a more recent picture of you ready to ski or while you're skiing. Please share this memory with us even if your last day of skiing was several years ago. It would also be fun to share a story or two from our skiing days from long ago or more recently.

Here's my story - My 1974 trip to Bristol was with Lenny Javor with the Cleveland State Ski Club, and, yes, Lenny and I have been friends that long. We stayed in a 100+ year old hotel, called the Hotel Naples with one shower and bathroom at the end of the hall. I recall that there was very little hot water which made for a very quick shower after a long day skiing – we were roughing it! Submit your pictures to

What Happened to Old Time Ski Brands?

What was your first pair of Skis? Were they Olins, Hexel, Harts? You don't see them on the slopes any more, do you? The article *5 Ski Brands You Used to See in POWDER Magazine* describes their fate. Some brands fell on hard financial times; other brands were sold to larger companies like K2, still others fell out of favor. Many of these brands were industry leaders with innovations that paved the way for today's modern ski. Read the full article [here](#).
